Energy Efficiency in Your Business: A Glacier Centennial Green Business Event  
Boiler Room Coffee House, Kalispell, MT (free and open to the public)

Montana businesses spent over \$34 million in energy costs alone last year. The good news is that energy efficiency can provide for 85% of all our new energy needs, according to the 6th Northwest Power Plan. Energy Efficiency can boost net operating income, cut risk from price spikes, and keep dollars in the local community. Join us this Earth Day as we explore energy efficiency and what it could mean for your business. [www.npca.org](http://www.npca.org)
